INDEX---VOL. XIX.

☞ An asterisk denotes illustrated article.

A.

Action of Water on Lead, On the, 24.
Arts, Society of—Special Prizes. 170.
American Coal-Cutter, An, 154.
Atlantic Cable, The, 191.
American Hydrocarbon Process, The Gwynne-Harris or, 203.
Apparatus for Water Closets. Disinfecting or Deodorizing, 173.

B.

Brooklyn Gas Problem, Further Developments of the, 5.
Borneo, Coal in, 59.
Barrel for Oil, Two Dollars per, 99.
Boiler Incrustation, Glycerine to Prevent, 113.
Burnt Out, A Coal Seam, 208.

C.

Consumption, Gas, 7.
*Charging and Drawing Retorts, Machinery for, 19. 37.
Coal Supply, Pennsylvania, 24.
Coal, Economy of, 43.
Coal Tar Pitch, On Coal and, 43.
Coal Committee, The British, 83, 172.
Coal Gas, Proposed Substitute for, 115.
Coal as a Fuel, Petroleum vs., 117.
Candles, Ozocerite, 117.
Coal Mines, Burning, 118.
Coal, Curiosities of, 133.
Condensation, Etc., New Process of, 134.
Coal Fields, Cape Breton, 142.
City of London. The Gas Supply of the, 154.
Cannelite, On, 167.
Condensation Products of Gas, Remarks on, 168.
Chemistry of Gas Manufacture, Some Notes on the, 185.
Crude Petroleum, Illuminating Gas from, 190.
Coal Production and Consumption, British, 206.
Cinders, 119.

CORRESPONDENCE—
Accidents vs. Carelessness, 7.
A Circular Subject, 100.
A Good Suggestion, 118.
An Explanation Needed, 118.
A Recent Improvement in Gas Making, 189.
Burning Tar as Fuel, 101, 207.
Constitutional Trouble, 6.
Cooking by Gas, 46.
Carbon in Retorts, 100.
Crude Petroleum Gas, 207.
Enrichment, 25.
Enrichment of Coal Gas, 101.
Gas Tar as Fuel, 105.
Gas Engine—Drawing Machine, 154.
Havens Invention—Stoking by Machinery, 189.
Mr. Smedberg Comes to the Rescue, 6.
Mr. Smedberg's Book, 135.
Mr. Cathels on Naphthaline and Tar for Fuel, 188.
Naphthaline, 100.
Petroleum Gas, 82.
Sunday Rest in Gas Works, 47.
Smedberg's Synopsis of British Gas-Lighting, 64.
Singular Accident to a Gasholder, 64.
Some Facts About Naphthaline, 82.
The Gas Strike in New York and Brooklyn, 47.
What Is It? 6.

D.

Domestic Motors, Cheap, 119.
Discovery. Surprising, 169.
District Gas Company, Crystal Palace, 172.
Discoveries, Coal and Oil, 6.
Deposits, Coal, 153.
Destructive Distillation of Lignites, Products of the, 101.

E.

Excerpts, Chemical, 2, 22, 44, 61, 78, 96, 114, 132 150, 186, 204.
Electric Light, Gramme's New, 23.
Electricity, Etc., Gas-Lighting by, 61.
Exports, Petroleum, 80.
Electric Light Machinery at the House of Commons, Trial of the, 99.
Experts, Chemical, 116.
Economizing Fuel and Preventing Smoke, Invention for, 119.
Electric Light, New. 136.

EDITORIALS—
American River Pollution, 102.
A Queer Petroleum Accident, 103.
Clover Hill Coal from Richmond, Va., 67.
Cathels "Gas Consumer's Manual," 192.
Effects of Drought and Heat, 9.
Further Gratuitous Advertisement. 8.
Gas a Necessity, 174.
Hints About Gas, 26.
Important, 8.
Is the Use of Gas Dangerous? 26.
Interesting to the Whole Professien, 67.
Industrial Exhibition of the American Institute of New York, 81.
Iron, 211.
Mr. Rowland's Inventions, 48.
Munzinger's Inventions, 48.
Mr. Hartley on Gas Measurement. 49.
Mr. Cathels on the Havens Retort-Charging Machine, 196.
Mr. Patterson's Sulphur Purification, 192.
Noxious Vapors and Water, 27.
Obituary—Richard Merrifield, 84.
Our Contributions from Dr. A. A. Hayes, 210.
Petroleum-Gas as an Enricher, 66.
Petroleum-Gas, 102, 156.
Prognostication, 138.
Prof. Pickering's Elements of Physical Manipulation, 193.
Smedberg's Synopsis of British Gas-Lighting, 27, 67, 85.
Stoking by Machinery, 102,
Special Editorial Note, 139.
Special to the Gas Fraternity, 156.
The Constitution of the Association, 8, 48.
"The Rhymes of the Universe," 9.
The Gas-Light Association of the United States, 48, 66.
The Editor's Report on the Passaic River, 49.
To the Gas Fraternity, 120.
True Progress, 138.
Water Gas, 210.

F.

Fuel, Gas as, 113.
Formation of New Suns, Are We Witnessing the, 153.
Fires, Lens, 170.
Fuel, Petroleum as, 208.

G.

Gas Works, The Flushing, 2.
Gas Well, A Pennsylvania, 2.
Gas, The Kromschroder, 4.
Gas Managers, British Association of. 45, 62, 78, 97.
Gas Works, New Philadelphia, 45.
Gas Company, New, 47.
Gas Works Again, Odors from, 60.
Gas Managers, West of Scotland Association of, 63.
Goodwin, Esq., William Wallace, 64.
Gas in New York, Public, 65
Gas Making, Petroleum in, 82.
Gas. Parisian, 82, 152.
Gas Company, San Antonio, 115.
Gas Governor and Pressure Indicator, Munzinger's Electric, 131.
Gas Coal in Europe, Scarcity of, 135.
Gas-Light Association of the United States, Meeting of the, 142.
Gas Companies, Public Schools and, 154.
Gas and Petroleum, Cooking by, 171.
Gas Ranges and Roasters, Southby's Economic, 190.
Gas Patent, Petroleum, 190.
Gas Stoves, British, 208.
Gassefaction, Brooklyn, 209.
Gas Consumers, Important to Landlords and, 46.
Gas, Air—By Thos. Wills, F.C.S., 149.
Gas Company of West Virginia, Monongahela, 205.

H.

Hard Water, Is it Safe to Drink, 24.
*Hydraulic Main, Farmer's Patent, 59.
Happy Crowd, A Quietly, 153.
High Temperatures, On the Measurement of Very, 170

I.

Illuminating Gas from Crude Petroleum, Manufacture of, 118.
International Exhibition, Gas Stoves and Water Items from the, 135.
Illuminating Gas, Asphyxia by, 153.
Irrigation Scheme, A Great, 154.

K.

Kanawha Valley, West Va., The Coals of the, 169.

L.

London Exhibition, Gas Cooking Stoves at the, 23.
Light, More, 116.

M.

Manufacture of Gas in England, Recent Inventions in the, 4.
Machinery, Gas-Stoking by, 6.
Missouri, Coal in, 59.
Machine Stoking—British Patent, 132.
Marsh Gas, Notes on the Synthesis of, 170.
Manual, Etc., Gas Consumers, 206.
*Machinero, Stoking by, 95.

N.

New York City, Health of, 24,
Newark Gas Company, Gasholder of the, 77,
Nutshell, The Coal Question in a, 137.

O.

Oil Lands, Tennessee, 97.
Obtaining Powerful Light, New Plan for, 156.

P.

Propeller Boat, A Gas, 78.
Plague Spot, Brooklyn's, 82.
Pavement, The Coming, 99.
Price of Oil, Decline in the, 116.
Paris, Street Lighting in, 117.
Philadelphia, New York and London, Water Supply of, 155.
Pittsfield Gas Works, Improvements at the, 187.
Purifying Coal Gas, Improved Process for, 188.
Prince Edward Island, Waters of, 25.
Pulsometer, The—A New Pump, 187.

R.

Railway Cars by Steam, Heating, 61.
Railroad Monopolists, Gas Companies Worse Than, 64
Rome, The Aqueducts of, 118.
Rosy," "Pass the, 137.
Romania, Petroleum in, 172.
Railway Cars, Heating, 172?
Reagent for Oils, On Antimony Perchloride as a, 208.

S.

*Small Towns, Gas Works for, 1.
State of Louisiana, Supreme Court of the, 5.
Sciences, Academy of, 80.
Smedberg's "Syncpsis of British Gas-Lighting," Subscribers to, 81, 155.
Stoking, Machine, 117.
Standard Meters, Casting the, 118.
Steel for Boilers, On the Use of, 173.
Surface of Our Earth, The Circulation of Water on the, 205.
Straw Burning Steam Engine, The New, 207.

T.

Turkey, Coal in, 22.

V.

Vienna, Gas Engines at, 133.

W.

Water Tunnel in Chicago, The New, 2.
Water Works, Exhibition, 65.
Water Works in Egypt, Gas and, 78.
Water Supply of Norwich, Conn., Prof. Sillimen's Report of, 99.
Wire Work, Water Proof, 136.
World, The Largest Engine in the 154.

Y.

Years Ago, Two Hundred, 185.
